

Date Changed: FAASTeam Fight Instructor Open Forum-Open to All Pilots

At this open forum we will discuss how to Prepare Pilots for the Unthinkable. Pilots react to emergency-situations the way they practice. Successful survivors have several things in common; these include knowledge, decision-making skills, and a cool demeanor. Attend this informative forum and find out which pilots survived the accident and what they did right. Join your flight instructor colleagues and make a difference in flight training safety. Click on the link below and register TODAY!
